Hana Salah Mohamed

Data Analyst | Python, Machine Learning, SQL

Giza, 12111 | (+20)1153351132 | hana.salah.m.nasr@gmail.com |
https://linkedin.com/in/hana-salahhhh003

Professional Summary: Data Analyst @e& with a strong AI and data analytics background. Experienced in KPI tracking, dashboard development, performance analysis, and predictive modeling using Python, Excel, and data visualization tools. Seeking a Junior Data Scientist role; former business development director.

Education: Bachelor of Science in Computer Science and Information Systems (AI Major)
6th of October University, Egypt
Graduated: June 2025 | CGPA: 3.53/4.0 (Excellent)

SKILLS

Programming Languages: Python, C++, Java, HTML, CSS, and SQL.
Libraries & Frameworks: Pandas, NumPy, scikit-learn, TensorFlow, PyTorch, Matplotlib, Seaborn, MediaPipe.
Tools: Excel, Tableau, Microsoft Word, PowerPoint, Canva.
Business & Analytics Skills: KPI Tracking, Performance Analysis, Market Research, Client Relationship Management (CRM), Sales Analytics
AI Fields: Machine learning, deep learning, natural language processing (NLP), computer vision, big data, information retrieval, and programming for AI.

Experience

Senior Performance Data Analyst – e& egypt| Jan 2026 – Present

• Analyze B2B business performance and identify growth opportunities through data analysis.
•Clean, transform, and maintain ETL data pipelines to ensure accurate and reliable reporting.
•Develop and maintain interactive dashboards using **Python, JavaScript, HTML, and CSS** to support business decision-making.
•Monitor and analyze key performance indicators (KPIs) to improve operational efficiency and business performance.
•Provide data-driven insights and reports to support management and business teams.
•Manage and validate sales commission calculations based on performance metrics.

Business Development Manager – Italint | Sep 2025 – May 2026

• Built and managed B2B and B2C partnership performance using structured Excel reports and KPI dashboards.
• Supported data-driven decision-making by preparing weekly performance summaries and insights for stakeholders.

Business Development (B2B) Branch Director – AIESEC in Egypt | Feb 2025 – Present

• Led performance tracking for over 20 members, monitoring KPIs related to partnerships, revenue, and exchanges, getting 30+ partnerships, 200k EGP, ranking in the top 3.
• Built and maintained Excel and Tableau dashboards to analyze term performance and identify

growth opportunities.
• Drove 100% term growth, secured 20+ partnerships, and achieved NPS partner satisfaction score above 9. Awarded B2B Excellence Award (Q1–Q2).

Internal Relations Team Leader (iGV) – AIESEC in Egypt | Aug 2024 – Jan 2025
• Managed and analyzed volunteer pipeline data, tracking acceptance rates and engagement metrics, resulting in 15 new partnerships, +50 foreign volunteers.
• Applied Python-based analysis to improve member performance and operational efficiency.

Business Development Coordinator – AIESEC in Egypt | Jan 2024 – Jul 2024
• Conducted 5 Partnerships with 70K EGP, increasing engagement by 15%.
• Tracked contract and partner performance using structured Excel reports.

Outgoing Global Volunteer Member – AIESEC in Egypt | Aug 2023 – Jan 2024
• Conducted outreach campaigns and tracked volunteer funnel performance data.

Frontend Developer (Freelancer) – Abar Engineering | Aug 2023 – Oct 2023
• Developed landing pages and analyzed user interaction metrics, improving engagement by 25%, enhancing brand visibility through optimized UI/UX design.

Frontend Developer – NASA Space Apps Cairo | Oct 2023
• Contributed to a website promoting NASA virtual planetary tourism.
• Implemented interactive features to improve user engagement.

Research Intern – American University in Cairo (AUC) | Aug 2020 – Dec 2020
• Conducted behavioural research, survey data collection, data cleaning, and analysis.

Projects

Real-Time Fitness Trainer (MediaPipe + ML) | 2024–2025
• Built a real-time pose detection system using 33 body keypoints with MediaPipe for computer vision applications.
• Achieved 98.2% accuracy using KNN for personalized fitness recommendations.

Multimodal Fake News Detection (CLIP + ViLT) | Feb 2025 – May 2025
• Combined text and image deep learning models to improve fake news detection.
• Achieved 85% accuracy using Kaggle Fake News and Fakeddit datasets.

Airbnb Market Insights Dashboard | 2025
• Analyzed Airbnb listings to explore pricing patterns, demand behavior, and host performance.
• Identified market opportunities using geospatial mapping, occupancy metrics, and revenue analysis.

B2B Performance Dashboard | 2025
• Designed an Excel dashboard to track KPIs, MOs, and performance metrics.
• Delivered data-driven insights to support operational and strategic decisions.

NBA Player Prediction Model | May 2024
• Cleaned and analyzed a 50,000-row dataset and applied Ridge Regression.
• Improved prediction accuracy by 10%.

Alzheimer's Early Detection (ML) | Apr 2024 – May 2024
• Applied advanced preprocessing techniques and feature engineering.
• Achieved 85% classification accuracy using SVM and Decision Tree models.

CERTIFICATIONS

-Deep learning. AI – Data Analytics Professional Certificate (Ongoing)
-Business Analytics with Excel: Elementary to Advanced – Johns Hopkins University (Completed, 2024)
-AI Summer Internship – Information Technology Institute (ITI) (Completed, 2024)
-TOEFL iBT (2021)

COMMUNITY & ACTIVITIES

- Founder & Chairwoman – IEEE Women in Engineering (WIE), led 50+ members and tracked engagement metrics.
-ENACTUS (HR Director), SCC events organizer, debating club founder.
- German tutor, digital illustrator, outdoor track athlete (3× Giza champion).
